

Albanian OSFP Optical Modulator Price Quote

AI Overview

OSFP optical modulators, including 400G and 800G variants, typically range from \$2,500 to \$6,000 per module depending on type, reach, and vendor, with international shipping required for Albania. Overview of OSFP Modules The Octal Small Form Factor Pluggable (OSFP) is a high-performance optical transceiver designed for ultra-high-speed networks, supporting 400G and 800G Ethernet. OSFP modules feature eight high-speed electrical lanes, advanced thermal management, and compatibility with 400ZR and 800ZR standards, making them suitable for data centers, AI clusters, and high-performance computing (HPC) applications. Key types include: OSFP DR4/DR8: Short-reach, up to 500 meters over single-mode fiber, ideal for intra-data center connectivity. OSFP FR4: Medium reach, up to 2 km, suitable for data center interconnects. OSFP LR4: Long reach, up to 10 km, for metro and DCI applications. Price Range While Albania-specific pricing is not publicly listed, international vendors provide indicative ranges: 400G OSFP modules: Approximately \$2,500–\$4,000 per unit depending on reach and vendor. 800G OSFP modules: Approximately \$4,500–\$6,000 per unit, reflecting higher bandwidth and advanced thermal design. Prices vary based on vendor, module type, and quantity, and may include additional costs for shipping, import duties, and local taxes. Vendors and Procurement Notable vendors offering OSFP modules include: FS: Offers 400G OSFP/QSFP112 modules with global shipping and 30-day return policy. Smartoptics: Provides 400G and 800G OSFP modules with breakout options and energy-efficient designs. FiberMall: Specializes in 800G OSFP DR8 modules for HPC and AI networks, with advanced thermal management and low BER performance. To obtain a formal price quote for Albania, it is recommended to: Contact vendors directly via their web...

High Frequency Electro Optic Modulator from Qubig

Qubig offers a high frequency electro optic modulator that has a custom resonance frequency (f_0) from 100MHz to < 1GHz and usable bandwidth $\sim 1\%$ of f_0 (manual

Fiber Optic Transceiver Modules

Provide a full range of fiber optic transceivers, such as SFP, SFP +, XFP, 40G QSFP+, 100G QSFP28, CFP, CWDM / DWDM, X2 & XENPAK, 3G-SDI video and other optical transceiver module.

QSFPTEK Transceiver Best Deals and Price List

QSFPTEK is a one-stop optical transceiver manufacturer and seller. We provide 1G to 400G optics with a vast selection of compatibility and models. Our compatible modules are affordable

Qubig High Efficiency Electro Optic Modulator : Quote, RFQ, Price

The modulation spectrum of Qubig's electro-optic modulators ranges from DC-coupled phase shifters to high-Q, resonant EOMs in the MHz to GHz. High-efficiency electro-optic modulator supplied by

200G/400G/800G Optical Transceiver Modules | FiberMall

200G/400G/800G optical module features up to 40km transmission distances using QSFP56/QSFP-DD footprints for data center interconnect applications - FiberMall

OSFP Optical Module Market Competitive Landscape Report 2035

OSFP Optical Module Market Overview: The OSFP Optical Module Market Size was valued at 1,300 USD Million in 2024. The OSFP Optical Module Market is expected to grow from 1,470 USD Million

Optical Transceivers

Discover high-performance optical transceivers at T1 Nexus. Our multi-coded transceivers support all major form factors and speeds, including SFP, QSFP, and OSFP, with data rates from 1G to 800G.

1550nm 40MHz PM Fiber Coupled Acousto Optic Modulator FC/APC

Get a price quote for 1550nm 40MHz PM Fiber Coupled Acousto Optic Modulator FC/APC directly from CSRayzer Optical Technology | Ask questions and find out technical details and specifications.

800G Transceivers — Transceiver USA

Transceiver USA's optical OSFP modules are used in enterprise and datacenter networks. View price, stock and buy direct from Transceiver USA.
