

Dust cap for switch optical module

Overview

This SFP optical port dust plug is specially designed for SFP optical ports. Shop snap lock cases and bulk packs. The SFP XFP SFP+ Rubber Dust Caps are designed to provide reliable protection for the simplex SC interfaces of SFP, XFP, SFP+, and CFP optical transceiver modules. Manufactured from premium-grade, flexible rubber material, these caps effectively shield the optical ports from dust, debris, and. 2. 5Gb PoE+ Switch 10-Port Unmanaged with 8*2. Any questions?

Our AI beta will help you find out quickly. Did You Find It?

Search Newegg. Get fast shipping. In the field of optical communication, optical modules are core components for stable data transmission, while optical module dust caps—often overlooked in daily operation—play a critical role in ensuring long-term reliability of communication networks. This article focuses on the hidden value of. Here you can find fiber optic protection caps for several purposes: We offer dust covers for LC cable connectors and connector jacks as well as dust caps for SC or FC jacks. You can also obtain dust covers for unused adaptor slots of cable management patch panels, and dust protection caps for SFP.
