

Fiber Optic Cable Junction Box Protective Cover

Overview

The Protective Box with Fusion Splice Sleeves is designed to protect fiber optic splices from damage caused by external forces, such as impact, vibration, and moisture. The box is made of durable ABS plastic and is IP65 rated for water resistance. Fiber optic protection boxes, also known as fiber optic junction boxes, are essential components in fiber optic networks, providing protection and management for fiber optic cables and related equipment. Clearfield ® CraftSmart ® Fiber Protection Vaults (FPVs) meet and exceed industry standards for strength, reliability and environmental concerns. Unisol Fiber Optic Joint Enclosure Box is a high-performance, rugged solution built to support the protection, organization, and long-term management of fiber optic connections in outdoor and harsh environments.
