

Guyana sells fiber optic cables

AI Overview

Yes, Guyana imports and sells fiber optic cables, with multiple local providers offering fiber-based internet services. Guyana has a growing fiber optic market, driven by increasing demand for high-speed internet and government initiatives to improve digital infrastructure. The country imports fiber optic cables from major suppliers including the USA, China, UK, Panama, and Norway, reflecting a well-established import network. The market has experienced rapid growth, with a compound annual growth rate of 46.74% from 2020 to 2024, indicating strong expansion and investment opportunities.

Local Providers and Services

Several telecommunications companies in Guyana provide fiber optic services to homes and businesses:

- E-Networks (ENet):** Offers fiber internet and 5G mobile connectivity, including submarine fiber-optic cables connecting regions like Bartica to the national network. Customers can sign up online, via email, or in person for home and business packages.
- Digicel Guyana:** Expanding its fiber network across the country, providing high-speed home internet and business solutions.
- GTT Network:** Supplies fiber internet with download speeds up to 150 Mbps, offering reliable service for residential and commercial users.

Market Insights

The Guyana fiber optic cable market serves multiple sectors including telecommunications, IT and data centers, networking, broadcast, power utilities, medical, and industrial applications. Both single-mode and multi-mode fiber types are available, catering to diverse technical requirements. The market is expected to continue growing, supported by ongoing infrastructure projects and private sector investment.

How to Purchase

Fiber optic cables can be purchased through local distributors or directly from telecommunications providers for installation. Companies like ENet and Digicel provide both the hardware and installation services, making it accessible for businesses and residential customers. Importers and specialized suppliers also offer bulk fiber optic cables for industrial or...
