

Huzhu Cable Tray Price List

AI Overview

Cable tray prices generally range from \$2 to \$25 per meter depending on material, type, and finish, with bulk orders often reducing costs. Price Range and Factors The cost of cable trays, including Huzhu or similar brands, depends on several factors: Material: Galvanized steel is common and cost-effective, stainless steel is more expensive but corrosion-resistant, aluminum is lightweight and pricier, and plastic trays are budget-friendly but not suitable for heavy loads. Type: Ladder trays are more expensive due to higher load capacity, while wire mesh or perforated trays are cheaper and suitable for lighter wiring. Coating and Finish: Hot-dip galvanizing (HDG) increases durability and cost, powder coating adds protection and color options, and pre-galvanized trays are cheaper but less durable. Length and Fittings: Standard cable tray lengths are often 2.4 meters, with fittings priced per piece. Order Quantity: Bulk orders or project-based purchases can significantly lower the per-meter cost. Estimated Pricing Low-end: \$2-\$5 per meter for lightweight wire mesh or plastic trays. Mid-range: \$6-\$15 per meter for standard galvanized steel or aluminum trays. High-end: \$16-\$25 per meter for stainless steel or heavy-duty ladder trays with HDG or powder coating. Purchasing Tips OEM or Factory Direct: Buying directly from manufacturers or OEM suppliers can reduce costs and allow customization. Volume Discounts: Large orders often qualify for discounts, which is useful for construction or industrial projects. Supplier Comparison: Check multiple suppliers for Huzhu or equivalent cable trays to ensure competitive pricing and quality. For precise Huzhu cable tray pricing, it is recommended to request a quote from verified suppliers or distributors, specifying material, type, length, and quantity to get an accurate cost estimate.
