

## Intelligent Network Cabinets

### Overview

Intellinet Network Solutions' network cabinets and open frame racks present a versatile and all-encompassing solution for your network installation needs. Our portfolio includes 19" cabinets and racks available in a wide range of rack. Network cabinets are there to ensure the organisation and security of network hardware such as switches, routers, patch panels and other components. They provide a secure and efficient housing for both active and passive components such as servers, switches, data cables, patch panels, and UPS. Norden Academy is a Corporate Knowledge initiative by Norden Communication, created to give back to the community by empowering individuals with industry-ready skills in the ELV and ICT domains. Through structured training programs and expert-led courses, the Academy bridges the gap between. FlexFusion™ Cabinets XG offer a unique universal platform for all types of data centers and servicing needs including Hyperscale, Edge and Multi-Tenant Data Center. Built with best-in-class weight load of 3,500 lbs. / 2,500lbs rolling load, doors with maximum air flow of 80%, FlexFusion can tackle.
