

Mali Metal Cable Tray Price List

AI Overview

Metal cable trays in Mali typically range from \$15 to \$60 per meter, depending on material, type, and supplier. Price Overview The cost of metal cable trays in Mali varies based on material, design, and dimensions:

- Mild Steel Cable Trays:** Generally the most affordable option, suitable for standard industrial and commercial installations. Prices typically start around \$15–\$25 per meter for basic ladder or perforated trays.
- Galvanized Steel or Wire Mesh Trays:** These offer better corrosion resistance and durability, often used in outdoor or high-moisture environments. Prices usually range from \$25–\$60 per meter, depending on thickness, width, and supplier.
- Stainless Steel or Fireproof Trays:** Premium options for high-temperature or highly corrosive environments. These can cost \$50–\$100 per meter or more, depending on specifications.

Factors Affecting Cost

- Material Type:** Mild steel is cheaper than galvanized or stainless steel. Aluminum trays are lightweight but may be more expensive.
- Tray Type:** Ladder, ventilated, perforated, or solid-bottom trays have different manufacturing costs. Ladder trays are common and cost-effective, while solid-bottom or fireproof trays are pricier.
- Dimensions:** Widths (25–100 mm) and heights (50–600 mm) affect material usage and price. Longer or thicker trays increase cost.
- Supplier and Import Fees:** Local manufacturers may offer lower prices, while imported trays may include shipping and customs duties.

Supplier Options in Mali

- Local Manufacturers:** Mild steel and galvanized trays are available from local suppliers, offering competitive pricing and customization.
- Wholesale Importers:** Fireproof and specialized trays can be sourced from verified importers and distributors in Mali.
- International Suppliers:** Companies from Turkey, Europe, and Asia supply galvanized wire mesh and ladder trays, often in bulk.

For accurate pricing, it is recommended to contact local suppliers directly with specifications such as tray type, material, length, and width, as prices can fluctuate based on market condition...
