

Price of 8-pin cold connector

AI Overview

The price of an 8-pin cold connector typically ranges from \$1 to \$15 per unit, depending on type, brand, and supplier. Retail Options Amazon offers a variety of 8-pin connectors with different pitch sizes and temperature ratings, generally priced between \$1 and \$10 for single units or small packs, depending on specifications and brand. eBay provides both new and used 8-pin connectors, often with competitive pricing starting around \$2 per piece, with bulk options available for lower per-unit costs. Electronics Distributors Mouser Electronics stocks 8-position crimp pin and socket connectors, with prices varying based on material, plating, and termination style. Typical retail prices range from \$2 to \$12 per connector. CPC UK lists multiple 8-pin connectors for professional and consumer applications, including crimp, DIN, and shielded types. Prices generally start around \$3-\$5 for standard connectors and can go higher for specialized or heavy-duty models. Wholesale Suppliers For bulk purchases, suppliers like San Marino imported cold connector wholesalers in Germany offer 8-pin connectors at lower per-unit prices, often negotiable depending on order volume. Factors Affecting Price Connector type: Crimp, solder, or plug-in style Material and plating: Tin, gold, or nickel contacts Application: Standard electronics vs. heavy-duty industrial or audio use Quantity: Bulk orders significantly reduce per-unit cost For the most accurate pricing, it is recommended to check the supplier websites directly, as prices fluctuate based on stock, shipping, and specifications.
