

Spectrometer Suppliers

AI Overview

Top suppliers of spectrometers include Farnell UK, Cole-Parmer, AMETEK/SPECTRO, RP Photonics, and Fisher Scientific, offering a wide range of instruments for research, industry, and education. Leading Suppliers Farnell UK offers a broad selection of spectrometers from top manufacturers, including fast quotes, same-day dispatch, and technical support, making it suitable for both research and industrial applications (Farnell UK). Cole-Parmer provides advanced spectroscopy and spectrophotometer instruments, including UV/Visible, scanning, and double-beam spectrophotometers. They also supply accessories and sample preparation tools, supporting precise chemical analysis and laboratory workflows (Cole-Parmer). AMETEK/SPECTRO specializes in analytical instruments using optical emission (Arc/Spark OES, ICP-OES) and X-ray fluorescence (XRF) technologies. These are widely used for elemental analysis in industry, research, and academia (AMETEK/SPECTRO). RP Photonics maintains a comprehensive buying guide listing over 130 spectrometer suppliers, helping users compare types, technical specifications, and applications. This resource is valuable for selecting the right spectrometer for specific scientific or industrial needs (RP Photonics). Fisher Scientific offers a variety of spectrophotometers, including Thermo Scientific™ Evolution™ UV-Vis and Jenway™ models, with versatile software, accessories, and cloud-based data management, suitable for QA/QC, teaching labs, and production environments (Fisher Scientific).

Considerations When Choosing a Supplier

Type of Spectrometer: Determine whether you need UV-Vis, XRF, ICP-OES, or other specialized instruments.

Application: Consider whether the spectrometer is for research, industrial quality control, or educational purposes.

Support and Accessories: Check for technical support, software, and sample preparation tools.

Delivery and Availability: Evaluate shipping times, especially for hazardous or specialized items.

Budget and Warranty: Compare pricing, warranty, a...

Spectrometers – Buyer's Guide & Supplier List | RP

This buyer's guide for spectrometers provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Spectrometers | UV VIS NIR | Avantes

Shop Avantes spectrometers covering UV, VIS, and NIR ranges — compact, modular, and built for precision measurement.

Spectroscopy Suppliers | Spectroscopy Europe/World

Since 1989, PIKE Technologies has been a primary source for spectroscopy accessories and applications worldwide. Products include attenuated total reflectance (ATR), diffuse reflectance,

Elemental Analysis Solutions & Analytical Instruments | SPECTRO

SPECTRO is a global leading supplier of advanced analytical instruments like ICP, Arc Spark OES, and XRF spectrometers for precise elemental analysis of materials.

Palau Metal Spectrometer For Sale Buyers & Importers

Sell Palau Metal Spectrometer For Sale in bulk to verified buyers and importers. Connect with businesses actively looking to buy wholesale Palau Metal Spectrometer For Sale at best prices.

Spectrometer Suppliers: Find Verified & Reliable Sources

Looking for trusted spectrometer suppliers? Discover verified manufacturers with high ratings, low MOQs, and customizable options. Click to explore top-rated suppliers and find the

Gratings | Spectroscopy | OCT | Supplier

Wasatch Photonics is a leading supplier of Gratings, Spectroscopy equipment, and OCT. Click here to learn how our technology can benefit you!

Spectrometer

A spectrometer is a measuring device that allows you to decompose and analyze the elementary components that make up the spectrum of a radiation or ion beam. For example, a spectrometer can

Spectrometers & Spectroscopy Equipment | Edmund

Explore optical spectrometers, systems, and components for spectroscopy, detection, and analysis. Ideal for UV-VIS, NIR, Raman, and fluorescence

Spectrometers

A Spectrometer is a scientific instrument used to measure and analyze the properties of light over a specific portion of the electromagnetic spectrum. Spectrometers from the leading manufacturers are

Spectrometer Manufacturers

A Spectrometer is a scientific instrument used to measure and analyze the properties of light over a specific portion of the electromagnetic spectrum. The leading manufacturers of Spectrometers are

Spectroscopy Solutions | Avantes | Scientific Instruments

Avantes delivers precision spectroscopy solutions and scientific instruments for research, industry, and OEM applications.

Spectrophotometer

Find your spectrophotometer easily amongst the 329 products from the leading brands (Thermo Fisher, Mettler Toledo, X-rite, ...) on DirectIndustry, the industry specialist for your professional purchases.

Optical Emission Spectrometers, Wholesaler, Trader, Supplier, India

We are Wholesaler, Trader, Supplier, Dealer of MERLIN 4 Spectrometers, High Performance ARTUS 8 Spectrometers, Cutting-Edge ARTUS 10 Spectrometers, Calibus - CMOS Based (LIBS)

High Resolution Spectrometer Manufacturer and Supplier

LightMachinery is a high-resolution spectrometer manufacturer and supplier. We are setting the new standard for range, resolution, and speed. Learn more now

Spectrometers | Suppliers | Photonics Buyers' Guide | Photonics

Explore 199 top manufacturers and suppliers of Spectrometers in our comprehensive photonics buyers' guide.

Spectrometer Technologies | Spectrometer Suppliers

Spectrometer Technologies – Leading Spectrometer Supplier in Johannesburg
Welcome to Spectrometer Technologies, the trusted name in advanced

High performance OEM spectrometers

Ibsen offers a wide range of robust, athermal, industrial-grade OEM spectrometers that can be tailored to your exact needs. We are dedicated to

Mass Spectrometers Manufacturers and Suppliers | GlobalSpec

Find 127 Mass Spectrometers suppliers with GlobalSpec. Our catalog includes 106,481 manufacturers, 20,794 distributors and 94,629 service providers. The GlobalSpec database includes 62,428
