

Types of Explosion-Proof Distribution Boxes in Laos

AI Overview

Explosion-proof distribution boxes in Laos are available in multiple models and specifications, including low-voltage switchgear, terminal boxes, and metering boxes, with options for metal or flame-retardant plastic enclosures and various installation types.

Common Models and Types

Explosion-proof distribution boxes are categorized based on function, installation, and voltage levels:

- Low-voltage withdrawable switchgear cabinets: GCK, GCS, MNS
- Low-voltage fixed switchgear cabinets: GGD, GDH, PGL
- Comprehensive distribution boxes: XZW
- Box-type substations: ZBW
- Low-voltage distribution cabinets and construction site boxes: XL, GX
- Electrical control boxes: XF
- Terminal lighting distribution boxes: PZ20, PZ30
- Electric metering boxes: PZ40, XDD(R)

Specialized series like PXT(R)K-X/X-X/X-X/X-IPX allow customization for surface-mounted or concealed installation, rated current, inlet style (single-phase, three-phase, or mixed), outlet circuits, and main switch type/protection level.

Materials and Construction

Enclosures: 304 or 316L stainless steel, Q235 steel, or flame-retardant plastic

Design features: Flameproof joints, specialized hinges to prevent damage during opening/closing, modular combination for space-saving installation

Protection levels: Ex db IIC T6-T41, Ex tb IIIC T80°C-T130°C, suitable for gas and dust hazardous environments

Installation and Voltage

Installation types: Vertical, hanging, concealed, exposed, or surface-mounted

Voltage levels: Commonly 220V and 380V, with options for single-phase or three-phase input

Suppliers and Availability in Laos

Local and regional suppliers: Verified suppliers in Laos offer bulk purchase options for industrial projects

International manufacturers: Companies like Tengda Explosion-proof Technology Co., Ltd. and CZ Electric Co., Ltd. provide a wide range of explosion-proof distribution boxes, control boxes, and related electrical eq...
