

UAE Dust Distribution Box Manufacturer

AI Overview

Leading manufacturers in the UAE for dust distribution and collector systems include Prism Tech Engineering, Dynamic Ventilation, Prime AC Industries, and Al Safeenah. Dust Collector Manufacturers Prism Tech Engineering LLC is a prominent dust controller manufacturer in the UAE, offering a variety of dust collection systems for industries such as cement, metal fabrication, mining, chemical processing, woodworking, pharmaceuticals, recycling, and agriculture. Their systems include fabric filters like baghouses and jet dust collectors, as well as inertial separators such as cyclone dust collectors, designed to capture airborne dust and improve air quality while complying with OSHA and EPA standards. Dynamic Ventilation in Dubai specializes in dust collection systems (DCS) for industrial and commercial spaces. Their systems are engineered to filter dust, fine particles, and contaminants generated during manufacturing or material handling. They provide tailored solutions for both large-scale manufacturing units and smaller facilities, ensuring compliance with air quality standards and enhancing workplace safety. Prime AC Industries LLC offers Pan Dust Filters and other filtration solutions using glass fiber filter media for effective dust capture. Their products are designed for industrial environments requiring high-performance air management and pollution control. Gmech Middle East provides dust extraction and ductwork systems, including high-pressure fine dust extractors and modular spray booths, suitable for woodworking, plastic, and chemical industries. Their systems are designed to maintain clean air and safe working conditions in industrial facilities. Distribution Box Manufacturers Al Safeenah manufactures distribution boxes (DBs), also known as breaker panels or electrical hubs, which are essential for safely dividing incoming electrical supply into subsidiary circuits. Their boxes are constructed from carbon steel, stainless steel, or thermoplastic, with IP65/IP66 ratings for dust and water protection. These boxes ar...
