

What are some French manufacturers of low-voltage galvanized cable trays

AI Overview

Notable French manufacturers of low-voltage galvanized cable trays include Niedax France, Eurotray, Eurostrut, and Brilltech Engineers. Key Manufacturers

Niedax France Niedax is a leading French supplier specializing in cable support systems and electrical protection equipment. They offer a wide range of galvanized cable trays suitable for low-voltage installations, with expertise in both industrial and commercial projects across France and internationally (Niedax France), .

Eurotray Eurotray manufactures comprehensive cable management systems, including galvanized, pre-galvanized, and hot-dip galvanized cable trays. Their products are designed for low-voltage, medium-voltage, and high-voltage applications, with options for perforated, ladder, and solid tray designs. Eurotray emphasizes safety, ease of installation, and suitability for environments like data centers and food manufacturing plants (Eurotray), .

Eurostrut Eurostrut provides durable cable trays made from hot-dip galvanized steel or stainless steel, suitable for indoor and outdoor use. Their trays are available in various widths, heights, and configurations, including open and perforated designs, ensuring safe and organized routing of low-voltage cables (Eurostrut), .

Brilltech Engineers Brilltech Engineers offers a wide range of cable trays in France, including galvanized, perforated, mild steel, and stainless steel options. They provide customized solutions for residential, commercial, and industrial sectors, focusing on quality control and timely delivery. Their galvanized cable trays are suitable for low-voltage applications and are manufactured in-house to meet specific project requirements (Brilltech Engineers), .

Considerations for Selection Material and Coating: Ensure the trays are galvanized or pre-galvanized for corrosion resistance. Load Capacity: Check the tray's weight capacity and suspension distance...
